

FHNA Social Policy (Facebook Group)

FHNA's Facebook page (group) is intended to be a forum for knowledge sharing. Our goal is to disseminate information that is factual and relevant to Federal Hill, our neighboring communities and Baltimore City. Our secondary goal is to encourage positive community interaction and involvement amongst our members and neighbors.

We do not allow the following on our page (group):

- For-profit advertising
- Political campaigning (positive or negative)
- Highly inflammatory remarks, harassment or personal attacks (on individuals, politicians or businesses)
- Profanity or pornography

FHNA's Board of Directors and Facebook administrators monitor the page frequently for adherence to the standards stated above. If a post or comment is deemed (by a reasonable person's standards) to be in violation of the above policy, it will be deleted at the discretion of the administrators. If a member continues to violate the standards, they will be contacted by an administrator (via private message on Facebook) and issued a warning. Subsequent violations will lead to suspension from the page.

We are all volunteers and time is precious. Please be respectful of others.
