Re: Harbor Hill Expansion

Mr. Chairman and Commissioners:

The Federal Hill Neighborhood Association is in favor of development that is harmonious with our existing community. However, we find the proposal for the Harbor Hill Apartment expansion not acceptable in its current form. The design is too large, awkwardly massed, poorly sited and will have a deleterious impact on parking and traffic in this corner of Federal Hill. Quite simply, we feel that the looming scale of the proposed project is inconsistent with the historic character and pending designation of the Federal Hill Neighborhood. If you have questions, please feel free to contact me directly at whitmeba@gmail.com or 512-965-4065.

Respectfully yours,

Beth Whitmer

Beth Whitmer
President
Federal Hill Neighborhood Association
